### Bedrock Pops

When things heat up in Bedrock, these Ice Age treats hit the spot.

#### What you need:

2 cups (500mL)	plain yogourt
3/4 cup (175mL)	frozen orange juice from concentrate, thawed
1 tbsp (15mL)	honey

**Variations:** Try flavoured yogourts or other juice concentrates like pineapple, raspberry or grape.

#### What to do:

Combine all ingredients in bowl. Mix well. Pour into ice pop molds and freeze until firm - about 4 hours or overnight. (If you don't have a mold, use plastic cups. Place cups in a pan for easy handling and freeze for about 1 hour or until starting to get firm. Insert a stick in centre of each pop and put back in freezer until frozen.) To serve, hold a warm hand around cup for a minute, then push bottom to release ice pop.

Makes 8 to 12 ice pops.
